*A PPP Initiative of Anusandhan National Research Foundation (ANRF)
and Confederation of Indian Industry (CII)*

**IN THE AREAS OF
SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

1. About the PMFDR Scheme

The Prime Minister's Fellowship for Doctoral Research (PMFDR) is a Public-Private Partnership initiative of the Anusandhan National Research Foundation (ANRF) and the Confederation of Indian Industry (CII). The scheme aims to strengthen industry-academia collaboration by supporting high-quality doctoral research with strong industrial relevance.

The fellowship enables PhD scholars to work on industry-driven research problems while receiving enhanced financial support jointly from the Government and an industry partner.

2. Key Features of the Fellowship

- Supports industry-relevant doctoral research in priority sectors
- Joint funding by ANRF (Government of India) and Industry Partner
- Encourages commercialization, innovation, and applied R&D
- Open-ended scheme with multiple selection cycles each year

3. Subject Areas Covered

Applications are invited in the following broad disciplines:

- Science
- Technology
- Engineering
- Agriculture
- Medicine

The proposed research must demonstrate technical excellence, scientific merit, and clear industrial application.
